GU PATROL ZD30 COMMON RAIL CATCH CAN KIT

HPD OIL AIR SEPARATOR /CATCH CAN

- The HPD oil air separator has been designed to remove oil mist from the rocker cover and going into the intake of the turbo. This oil can build up in the intercooler and piping causing inefficiency and eventually destroying silicone hoses. It also eliminates build-up of carbon from EGR and oil forming a black paste which clogs inlet manifolds and inlet ports. The HPD oil air separator has some unique features here are some of them.
- Internal stainless mesh filters that can be removed for cleaning.
- Dip stick to check oil level.
- Stainless steel mounting bracket and 4 bolts with 5 positions available.
- Simply unscrew base to empty oil.
- Variety of hose sizes available 10, 12,16,19,25.
- 360'swivel top outlet which allows hose to rotate to any position (connects to inlet pipe)
- Side inlet with #8 O-ring port threads.(connects to rocker cover)
- Vehicle specific kits including hoses clamps and mounting brackets.

NISSAN OCC-B-GUZD30

<u>QUANTITY</u>	<u>PART</u>	<u>DESCRIPTION</u>	<u>PACKED</u>
1	OCC-B	BILLET CATCH CAN	
1	OCC-B1	UNIVERSAL BRACKET FOLDED 90°
